

Email to South Central College Students from President Parker

March 13, 2020

ALL STUDENTS: Spring Break Extension Update

Dear students,

As the attached email you received yesterday from the Chancellor of the Minnesota State system indicates, Spring Break for **ALL** students at South Central College will be extended a week to include **March 16 – 22**. Classes will resume on **Monday, March 23**.

While you are on your extended spring break next week:

- **Faculty** will be exploring potential alternate academic delivery methods that will be put into place when classes resume March 23.
- **Student Affairs and Other Staff** will be working on ways to continue to meet your needs during this time.
- **Facilities Staff** will continue to ensure our campuses are clean with a special focus on high traffic areas and high touch surfaces.

While no classes will be held next week, our campuses remain open to serve you. As always, your wellbeing is our top priority, and we will continue to provide you with updates. Please check your South Central College email regularly and visit www.southcentral.edu/COVID19 for the latest information.

Appreciatively,

[Dr. Annette Parker](#)
