## Chancellor Board of Trustees remarks: COVID-19

March 18, 2020

Colleagues,

The work you all are doing to address the COVID-19 pandemic is an incredible lift. Today during the Board of Trustees meeting I shared the vast scope of the work needed at every level throughout the system to meet our two priorities of keeping students, faculty, and staff safe, and helping our students to finish the semester successfully. I thought you might wish to hear my remarks, which you'll find [here](#).

Thank you for everything you are doing during these difficult days. We are a hard working bunch, and together we will get through this.

Best,

Devinder
